Dear Customer,

On July 15, 2019 the Regulation (EU) 2019/1021 ("POPs Recast Regulation") came into force and is replacing Regulation (EC) 850/2004 and the various amendments made to this Regulation in the past few years.

On July 4th 2020 the Annex 1 of Regulation (EU) 2019/1021 was amended with the listing of perfluorooctanoic acid (PFOA), its salts and PFOA-related compounds.

With this statement Vita Cellular Foam UK Ltd. confirms that none of the products listed in Annex I, Annex II and Annex III of the Regulation (EU) 2019/1021 are intentionally used during the foam production.

Therefore the foam materials; purchased from us are compliant with Regulation (EU) 2019/1021.
