

## DATA SHEET / SPECIFICATION

### Recon 14CM

#### Description:

14.0CM Chipfoam is manufactured from combustion modified foam trim, the crumb foam being bonded together. The rebonded foam has good fatigue properties and can be used in furniture applications to provide a firm feel, or to provide reinforcement in combination with other materials. Other application areas are gym mats, packaging and sound insulation / sound dampening. This grade of polyurethane foam complies with the requirements of Schedule 1 Part 1 of The Furniture and Furnishings (Fire) (Safety) Regulations.
