

NBF Pledge for Our Planet

As a member of the National Bed Federation (NBF), we

have adopted this industry-wide Pledge for our Planet.

We accept there is now overwhelming scientific evidence our planet is warming at an unsustainable rate and that the quality and quantity of natural habitats is in decline.

Our Pledge says what our company is doing, in cooperation with others in the bed industry, to begin to reverse these environmental trends.

We Will:

- 1. Demonstrate our commitment to becoming a more sustainable business**
- 2. Reduce our global warming impact**
- 3. Reduce our waste**
- 4. Reduce our products' impact on the environment**
- 5. Take responsibility for our actions**
